

## DEPARTMENT OF THE ARMY

### WISCONSIN OPERATIONS OFFICE

CORPS OF ENGINEERS

2619 E. Capitol Drive

APPLETON, WISCONSIN 54911

September 13, 2021

SUBJECT: Fall 2021 Lake Winnebago Regulation Meeting

To Our Lake Winnebago Partners:

You are invited to attend the interagency coordination meeting concerning the regulation of the outflows from Lake Winnebago into the Lower Fox River. Due to COVID-19 concerns, the meeting will be held outdoors in Jefferson Park located at 915 Third Street, Menasha. Seating will be limited; therefore, it is recommended that attendees bring lawn chairs if desired. We will hold the meeting on Tuesday, October 5, 2021 at 6:00 PM (CDT).

This is an interagency meeting that will be open to the public. It is being conducted to exchange information between the Corps of Engineers and representatives of other groups that have expressed an interest in the water resources management of the Lake Winnebago Basin.

The meeting agenda is as follows:

- a. Regulation Actions, October 2020 - September 2021
- b. Regulation Strategy, October 2021 - September 2022
- c. Other Items of Concern

Pertinent information regarding Lake Winnebago is posted on our website at:  
<https://www.lrc.usace.army.mil/Missions/Water-Management/Lake-Winnebago>

We look forward to your participation. If you have any questions, please contact Mr. Chadwick Shaw at (920) 380-7106 or [chadwick.d.shaw@usace.army.mil](mailto:chadwick.d.shaw@usace.army.mil)
